

TANG HALL SMART CIC

Tang Hall SMART CIC is expanding from September 2022, with the addition of a second site at The Jam Factory, and with extra music and art courses and sessions. There is more to follow later over the next few months, but we are proud to announce that bookings are now being taken for the following:

- * SoundSMART - weekly music course for adults who have additional needs.**
- * THS@The Jam Factory - weekly music or art employment skills sessions for adults who have additional needs.**
- * Bespoke Sessions For Adults - bespoke programmes consisting of art, music, drama and dance.**

SoundSMART

SoundSMART

Since 2015 we have run SoundSMART, a vocational music group for people with additional needs where they can learn how to develop their music skills, perform live, write their own music and also gain an understanding of the professional music industry all whilst being in a fun and social environment. You will have the opportunity to learn to play an instrument and/or use your voice to create music in your preferred style. Students can also choose to study an RSL Level 1 or 2 qualification in music.

Our music rooms are fully kitted out with the latest industry standard musical equipment. We also have a state of the art recording studio where students can compose and create their own music. Our SoundSMART participants have been enabled to perform solo or in bands at such prestigious venues across York such as The Duchess, Fibbers and The Barbican. All ability levels are accommodated for as you will be mentored by our wide range of staff who have had experience in the professional music industry as performers, composers, producers etc.

THS@ THE JAM FACTORY

THS@ THE JAM FACTORY

Are you interested in training for the music or art industry? We are growing and we are the biggest music and art provider in York. We have worked with over 500 people, organised over 40 concerts, run a variety of clubs and classes and have taught RSL Level 1, 2 and 3 qualifications. We have grown so much that we are now running everything from two sites, our current site at The Centre @ Burnholme and our new site in York's premier music facility The Jam Factory. We will have exclusive access to The Jam Factory on weekdays and we will be running THS @ The Jam Factory on Fridays

This course is aimed at people who are experiencing barriers to employment in the music or art industry, such as having a mental illness or additional needs. We can offer lots of support and training to provide the best path possible into employment or setting up your own business. There will be individual support tailored to your needs and requirements and creative art and music sessions so you can continue to develop your creative skills. We can also offer supported work placements within Tang Hall SMART. We also run our own recording studio and record label 'Musication' alongside our publishing house.

BESPOKE SESSIONS FOR ADULTS

BESPOKE SESSIONS FOR ADULTS

As an alternative to the two above courses, and subject to availability, we can build a bespoke programme of up to 10 hours consisting of music, art, drama and dance. It might be possible to include 2 hours of sports/gym (based in the Burnholme Sports Centre) as part of this package.

Sessions are priced at £15 per hour. Minimum booking is two hours per week for the year (35 weeks during term times). There is also some very limited availability of 1-1 sessions at £25 per hour (not sport)

If you are interested in Bespoke Sessions and want to find out more then you can contact us at sue@tanghallsmart or 07725997342

SMART SPACE

Smart-Space is our new and exciting learning platform that focuses on building creativity and confidence through a variety of exciting and educational interactive courses and resources. We offer a wide variety of creative activities that range from instrumental music lessons (such as guitar, bass, drums, rap, keyboard) and creative challenges. Students can have their online programmes tailor made for their interests but we also have a huge 'Content Library' where courses can be accessed on an extra curricular basis.

Students can upload their work to our secure system and get bespoke feedback from tutors on how they are progressing. Smart-Space is simple and intuitive to use and is suitable for all ability levels.
