SMART SPACE

Smart-Space is our new and exciting learning platform that focuses on building creativity and confidence through a variety of exciting and educational interactive courses and resources. We offer a wide variety of creative activities that range from instrumental music lessons (such as guitar, bass, drums, rap, keyboard) and creative challenges. Students can have their online programmes tailor made for their interests but we also have a huge 'Content Library' where courses can be accessed on an extra curricular basis.

Students can upload their work to our secure system and get bespoke feedback from tutors on how they are progressing. Smart-Space is simple and intuitive to use and is suitable for all ability levels.
